PROFESSIONAL SUMMARY

Dynamic Full Stack Developer and AI/ML Engineer specializing in the MERN stack and data-driven applications. Proven ability to architect scalable web infrastructure, deploy machine learning models, and build 3D web interfaces. Successfully engineered and delivered 20+ custom software and management solutions for educational institutes, optimizing administrative workflows and digitizing core infrastructure. Adept at translating complex data into actionable technical solutions within Agile environments.

TECHNICAL EXPERTISE

Languages:	Python, JavaScript (ES6+), Java, C, C++
Frontend & UI:	React.js, HTML5, CSS3, Three.js, Framer Motion
Backend & APIs:	Node.js, Express.js, RESTful APIs, Microservices
Database:	MongoDB (NoSQL), SQL, Database Schema Design
AI & Machine Learning:	NLP, OpenCV, Data Analytics, Jupyter, Pandas, Scikit-learn
Tools & Cloud:	AWS, Git/GitHub, Docker, VS Code, Blender, Tableau

PROFESSIONAL EXPERIENCE

Independent Technical Consultant 06/2024 – Current

Freelance | Indore, IN

- Architected and delivered 20+ custom web applications and management systems for regional educational institutes and management bodies.
- Digitized institutional administrative workflows, reducing manual data processing time by 40% using custom React and Node.js solutions.

Full Stack Developer 05/2025 – Current

ABECSA Software Solutions | Indore, IN

- Architected and deployed highly scalable web applications serving business clients, improving overall application load times by 25% utilizing the MERN stack.
- Engineered and integrated 10+ RESTful APIs to connect decoupled front-end interfaces with secure backend databases, reducing data retrieval latency by 30%.
- Collaborated within Agile development sprints to analyze codebases and resolve critical software bugs, increasing platform stability.

Artificial Intelligence Intern 03/2026 – Current

ABECSA Software Solutions | Indore, IN

- Developed Natural Language Processing (NLP) algorithms to analyze unstructured business datasets, extracting key metrics that guided stakeholder decision-making.
- Engineered and tested machine learning models for advanced data analysis, achieving a 15% improvement in predictive accuracy prior to product launch.
- Visualized complex analytical findings by building interactive data dashboards using Tableau.

Application Developer 01/2025 – 05/2025

PanVel & MS Cafe

- Built a 3D interactive ordering web interface for MS Cafe, increasing user engagement by 40% using Three.js and real-time WhatsApp API integration.
- Architected core routing logic for the 'PanVel' ride-sharing platform transition, optimizing driver-to-user matching efficiency through custom mapping algorithms.

S-mart

- Automated repetitive operational workflows and data entry tasks using custom scripting, increasing team development efficiency by 35%.
- Developed responsive front-end web applications prioritizing mobile-first design, driving higher user retention using ReactJS.

FEATURED PROJECTS

- **HealthSense 360° (Predictive Health Analytics):** Engineered an end-to-end data science application using Python classification and clustering algorithms to predict chronic disease risk (e.g., diabetes) and generate automated wellness recommendations with high statistical accuracy.
- **Stock Market Algorithmic Predictor:** Developed a real-time financial market prediction application utilizing AI and computer vision logic to analyze and interpret trending market data.
- **Complete Project Portfolio:** View all 20+ custom web applications, 3D interfaces, and AI models at atultiwari.vercel.app.

EDUCATION

B.Tech in Artificial Intelligence & Machine Learning

Expected 07/2028

IES IPS Academy | Indore, Madhya Pradesh

- **Leadership & Involvement:** SAE BAJA Member, Head Boy (Student Body Representative).

CERTIFICATIONS & AWARDS

- | | |
|--------------------------------------|---------------------------------------|
| • Hackathon 2025 Winner | • Amazon AWS Certified |
| • Developer of the Month (iSoftZone) | • IBM Big Data Analysis Certification |
| • Google Campus Ambassador | • IIRS Data Analysis Certificate |
